

Mohammad Sina Parvizi Motlagh - 810101394

to make a new order: (Creating order)

```
curl -X POST http://localhost:5000/orders -H "Content-Type: application/json" -d '{"item": "item1", "quantity": 2}'
```

to see all the orders: (Getting orders)

```
curl http://localhost:5000/orders
```

to see the inventory of an item: (Checking inventory)

```
curl http://localhost:5001/inventory/item3
```

to update inventory(just decrease an inventory, It does not create an order):

```
curl -X PUT http://localhost:5001/inventory/item1 -H "Content-Type: application/json" -d '{"quantity": 5}'
```
